

Diary entry 1:
My wife, who was the best thing ever, sadly passed away in my arms.
She was the light of my life. Everything I ever said that was bad to her, I now regret.
Later on today, I had a flashback and I should have given her more time instead of playing the piano.

Diary entry 2:
Today, I was chosen to be a medical helper, which is the worst job in the army. In the middle of war I told my friend Aron to go to the front line. He got shot and died in my arms, I was devastated.

Diary entry 3:
I remembered today when I was a young boy, I was so joyful; I was happy in my heart. I knew I was going to be happy forever.
Later on, my birthday arrived and I got a hobby horse, I was elated. The hobby horse was amazing, it was my life I played with it every minute of every day.

Charlie

A diary entry based on an emotional short film set in WWII - The Piano
