20: To write a school report ▲ △

pupil Roger class 4...

Much better Hollie and you
have shown better editing skills
★

Dear parents / Guardians of Roger,

SP We are very excited to teach your child next term. This report will show you how your child's doing during this year.

Arithmetic

SP Roger hasn't been settling in correctly in this lesson he then it meant "out my and 7 other kids pencils" he also has been screaming during the lesson. Finally he has not answered a single question.

English

SP He has tried to redeem himself after his poor behaviour last lesson, but his handwriting is still poor and he was writing like a rat trying to write instead of eating cheese

Teacher's Comment

1. We hope you can improve your child's behaviour and his handwriting changes and his addition changes.
- 2. we suggest you get him special help and at school we will as well. We suggest we work together to provide extra support for him at school.
3. When we started speaking about animals I'm pleased to say he knew lots about rats.

We are excited to work with your child
~~later on~~

your's truly Mrs Trunchel
