## Wolfish Wolves Taking Action!

The local people left traumatised by the wolves.

Earlier this morning, at 23 Bumpy Road Q2P R39, there has been wolf chaos! The neighbours were so scared, some called the police.

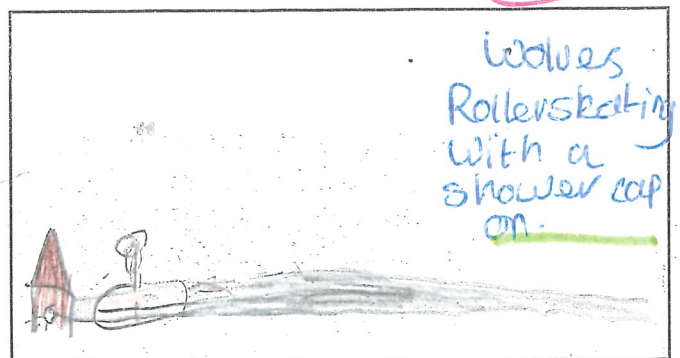

There have been <sup>mischievous</sup> ~~mischiefous~~ wolves skateboarding with a shower caps on. Other neighbours have seen wolves through the windows having a party and eating Jam.

One neighbour claimed to have seen wolves having a bath in the street down. The wolves have ruined all tranquillity in the neighbourhood. They have been setting fireworks off. Mr Bear said, "They have ruined my flowers!"
